(360) 225-8723      CourtJester\_Games@yahoo.com

## ***Hello, Woodland!***

Our gaming department, still under re-organization, strives to be the video gaming *haven* that meets all your gaming needs, whether you enjoy current-gen gaming systems or your tastes are more retro in nature. Among the types of games and strategy guides we'll continue to carry are:

- Commodore Home Computer
- Atari (400, 800, 1200, 2400, 4800, 7200)
- Colecovision and Intellivision
- Nintendo and Super Nintendo Entertainment System
- Sega Master System
- Sega Genesis and Game Gear
- Sony PlayStation 1, 2, and 3
- Sega Saturn and Dreamcast
- Nintendo 64, GameCube, and Wii
- Microsoft Xbox and Xbox 360
- Nintendo Game Boy and Game Boy Advance
- Nintendo DS and 3DS
- PC and Macintosh
- And many more – if it's video game-related, odds are we'll be happy to accept it!

We currently sell and repair consoles and accessories. If you're looking for an item not currently in stock, we will gladly accept special orders and will strive to meet your target price!

***We will accept games and gaming merchandise – both old and new – for either store credit or cash.*** We're doing so currently on a limited basis. If you're tired of sitting on games and systems that the bigger chain retailers either no longer accept or offer insultingly low purchase prices for, **we'll offer fair exchange for something new & exciting, or even cash!**

Watch our website for further progress reports on our return to full function.
